Financial help for unexpected injuries

Aetna Accident Plan

Planning for your next accident

While you don't know when an accident will happen, you can be prepared for it. An Aetna Accident Plan can help you manage unexpected costs.

It pays you cash to help you pay for health care costs and other expenses when you have a covered injury.

While medical plans typically cover a serious illness, they don't cover the additional expenses that come with it.
The Aetna Accident Plan can help you.

Cash benefits to help pay your bills

When you have a covered injury under your Aetna Accident Plan, send us your claim and we will mail you a check. You can use the money to pay for:

- Everyday expenses like mortgage payments, day care or bills
- Doctors' bills, coinsurance or to help cover your medical plan's deductible

It's up to you.

Why is accident coverage important?

It **pays you cash** to help pay for health care costs and other expenses when you have a covered injury.

It's convenient

Premiums are easy to pay through payroll deduction. Your benefits payment will be sent directly to you.

It's attainable

Your coverage is guaranteed. We don't ask you any questions about your health.

Consider the statistics:

About **two-thirds** of disabling injuries suffered by American workers aren't work related. That means they're **not covered by workers' compensation.**[1]

2.6+ million children are seen in **emergency departments** for injuries related to sports and recreation each year.[2]
